Medialine launches the Duke of Holland, the latest in the mPad Android tablet line-- now with Android 3.2 (aka Honeycomb).

It carries a 10.1" capacitative LED backlit TFT LCD touchscreen with 1280x800 resolution.

Powering it is a dual-core 1 Ghz Tegra T20 processor, 1GB system memory and 16GB eMMC internal storage, while connections come through wifi, Bluetooth and optional built-in 3G.

One can also expand storage via micro SD slot (supports up to 32GB).

Completing the package is x2 cameras (2MP front facing and 5MP back facing), micro USB port and micro HDMI with 1080p video output.
